GUIDE TO SUBARU GRILLE INSTALLATIONS

SUBARU WRX & STI '11-'14 UPPER GRILLE KIT (SUB-1735)

Picture #1:

Our project Subaru Impreza WRX in need of a custom mesh grille

Picture #2:

Remove all the plastic fasteners along the top of the grille shell.

Picture #3:

Remove the right & left corner screws located on the back side of the grille shell as shown using a stubby "Short" screwdriver.

Picture #4:

Pull forward on the upper grille in order to gain access to the back side of the grille shell screws.

Picture #5:

Shown here are the locations of the grille shell screws that must be removed.

Picture #6:

Once all the backside screws are removed the grille shell can then be removed from the vehicle.

Picture #7:

Remove screws that secure the factory grille mesh to the grille shell.

Picture #8:

The factory grille shell disassembled shown here.

Picture #9:

Note the plastic index tabs must be removed.
