GUIDE TO GRILLE INSTALLATIONS

LOWER GRILLE KIT (TOY-1952) TO FIT 2012-15 TOYOTA TACOMA

Picture #1:
Here is our project 2012 Toyota Tacoma in need of a GrillCraft MX-Series Sport Grille.

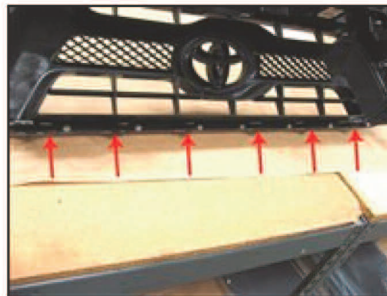

Picture #2:
Using a screwdriver unclip the push clips along the top of the grille shell.

Picture #3:
Remove push clips on the top of the grille shell.

Picture #4:
Remove bolts on the top of grille shell as shown.

Picture #5:
In order to remove grille shell you must unclip the six plastic tabs along the bottom of the grille shell. Pull forward on the grille shell while unclipping tab from the back side one at a time.

Picture #6:
A view of the plastic tab socket location on the bumper cover.

Picture #7:
Remove the plastic clips along the top of the bumper cover.

Picture #8:
Remove bolts along the front underside of the bumper cover.

Picture #9:
Remove the bolts on the right & left underside of the bumper cover.

Page 2

Picture #10:

Remove bolt located in the front section of the fender well as shown.

Picture #11:

Remove plastic filler panel under headlamps. The filler panel has a plastic clip on the backside once unclipped the filler will slide out.

Picture #12:

The bumper cover clip will release from vehicle by pulling bumper away from vehicle.

Picture #13:

Remove bumper cover from vehicle make sure to unclip fog lamp wiring sockets.

Picture #14:

Place the lower GrillCraft grille insert into lower bumper opening as shown.

Picture #15:

Using a sharp scribe mark mounting tab center hole locations onto the bumper.

Picture #16:

Heating the scribe tip works well in order to puncture the hole locations through bumper plastic.

Picture #17:

Puncture hole locations into plastic.

Picture #18:

Now with the plastic punctured it will be easy to drill the hole in the correct location.
